Mapped in Bangladesh (MiB)

ENHANCING SUPPLY CHAIN VISIBILITY OF BANGLADESH’S APPAREL INDUSTRY
What is MiB?

By providing credible, timely and granular data on export-oriented ready-made garment (RMG) factories in Bangladesh, Mapped in Bangladesh (MiB) works to

- Support ESG, compliance and reporting efforts
- Facilitate business leads for manufacturers
- Facilitate multi-stakeholder dialogues
- Provide greater supply chain visibility
- Progress advocacy works
- Provide data on environmental credentials
Key Features

- Comprehensive supply chain repository of Bangladesh’s RMG industry
  - Objective, credible, independently-sourced primary data updated through physical survey

- Open-source database and actionable information to support diverse stakeholders
  - Improves supply chain visibility and supports risk mitigation

- Presenting ESG data of BGMEA, BKMEA member factories including non-members
  - Supports sourcing strategy and decision-making

- Available in Bangla and English to reach diverse users
  - Regularly updating selected data by utilizing crowdsourcing approach
MiB in Numbers
